Date: 18.10.2021

To,
Honorable Treasurer, Sir.
Daffodil International University.
102, Sukrabad, Mirpur Road, Dhaka 1207.

Project : Permanent Campus, Ashulia.

Subject: Offer for Supply of Brand New Prime 800 KVA Prime Rating/ 860 KVA Standby Rating WELLAND POWER, UK Origin Diesel Generator.

Dear Sir,

We would like to take this opportunity to introduce ourselves one of the best distributors of **WELLAND Power, UK origin** diesel generators in Bangladesh. WELLAND Power uses high quality components to manufacture generators with **Perkins Engine** and **Stamford Alternators**. We have supplied quite a large number of **WELLAND Power Brand** Diesel Generating sets in different **Industries**, commercial, Telecommunication, Real Estates, Financial Institutions, and Government projects in Bangladesh.

Why choose NAVANA's Diesel Generators?

◆ **24/7 Service Support:**

- Our service team is well equipped with modern tools, tackles, spare parts and is manned by trained technicians and engineers who are capable of rendering any kinds of after sales service support promptly and efficiently including overhauling and annual maintenance contract (AMC).
- We have available stocks of spare parts to provide 24/7 support all over the country and also have zonal offices in Chattogram, Rangpur, Jessore, Barisal, Sylhet, Comilla, Khulna, Rajshahi, Noakhali)

◆ **Spare Parts:**

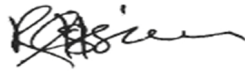

- We supply genuine spare parts and consumable items directly from UK principle with sensible price and hold large quantities of diesel generator spare parts, ensuring that what you are looking for is always available to keep your generator running without interruptions.

We look forward to be associated with your esteemed organization.
Thanking and assuring you of our best services.

TECHNICAL SPECIFICATIONS of 800KVA Prime Diesel Generator WP800

Generator Set:	Specifications
Brand Name	WELLAND POWER, UK
Country of Origin & Manufacture	United Kingdom (UK)
Country of Shipment	United Kingdom (UK)
Model	WP800
Capacity	Prime 800 kVA / Standby 860 kVA
Voltage (V)	400/230
Phases	3
Frequency (Hz)	50 Hz
Rated R.P.M	1500
Power Factor	0.8
Plant of Manufacturing	Stafford, UK
Port of Shipment	Any Sea Port, UK
Fuel consumption (Litre/Hour)@ 75% Load	132 Litre /Hour.
Total Lube Oil Capacity	113.4 Litre.
Total Coolant Capacity in Radiator	105 Litre.
Engine:	
Brand	PERKINS, UK
Model	4006-23TAG3A
Country of Origin & Manufacture	UK/USA
Engine type	4-Stroke
Cylinder Arrangement	6 Vertical In Line
Rated r.p.m.	1500
Governor type	Electronic
Bore & Stroke (mm)	160 x 190 (mm)
Cooling System	Water Cooled (Radiator)
Combustion System	Direct Injection
Compression Ratio	13.6:1
Alternator:	
Brand	STAMFORD, UK
Model	HCI 634G
Country of Origin & Manufacture	UK
Insulation Class	H
Protection Level	IP 23
Over speed (rpm)	2250
Voltage Regulation	±1
Controller	DEEP SEA ELECTRONICS (UK)
Model	DSE 7320 MKII

Registered Office:

125/A, Motijheel C/A, Dhaka-1000, Bangladesh
Tel: +88-02-9552212, Fax: +88-02-9566324

205-207, Tejgaon I/A, Dhaka-1208
Tel: +88-02-9884992-4, Fax: +88-02-8836418

Operation Office:

113/B, (1st Floor), Tejgaon I/A, Dhaka-1208, Bangladesh
Phone: +88-02-8878071-3, Fax: +88-02-8878074

Controller:

Manufacturer: DEEP SEA ELECTRONICS, UK

Country of Origin & Manufacture : UK

Model: DSE7320 MKII

Open Set Dimension

▪ Length	: 3700 mm / 12.2 feet
▪ Width	: 1410 mm / 4.6 feet
▪ Height	: 2370 mm / 8.00 feet

Additional Technical information

- Mounted air filter and turbocharger
- Governing to ISO 8528-5 Class G3 with isochronous capability
- Cooling System designed for ambient temperatures up to 50°C.
- 24V starter motor, 24V alternator with integral regulator and DC output
- Twin High coolant temperature protection switch
- Twin Low oil pressure protection switch
- Turbine inlet temperature shutdown switch
